

# Research on Research

## Fostering Responsible Research Practices

Annelein Stax – programme manager at ZonMw

## ZonMw: Dutch government funding agency for health research

### Mission:

- **Innovation:** we enable others to develop new (scientific) knowledge
- **Implementation:** new knowledge is used in policy and health care practice.

# Fostering Responsible Research Practices programme

**2013**

Invitational  
conference:  
*many theories,  
little research*

**2012**

ZonMw project  
*System Failure*

**2016**

Programme  
*Fostering  
Response  
Research  
Practices*

## Aims:

1. Understand causes & frequency of RRP and QRP
2. Overview Dutch RRP initiatives & their function
3. Develop effective interventions

## Fostering Responsible Research Programme

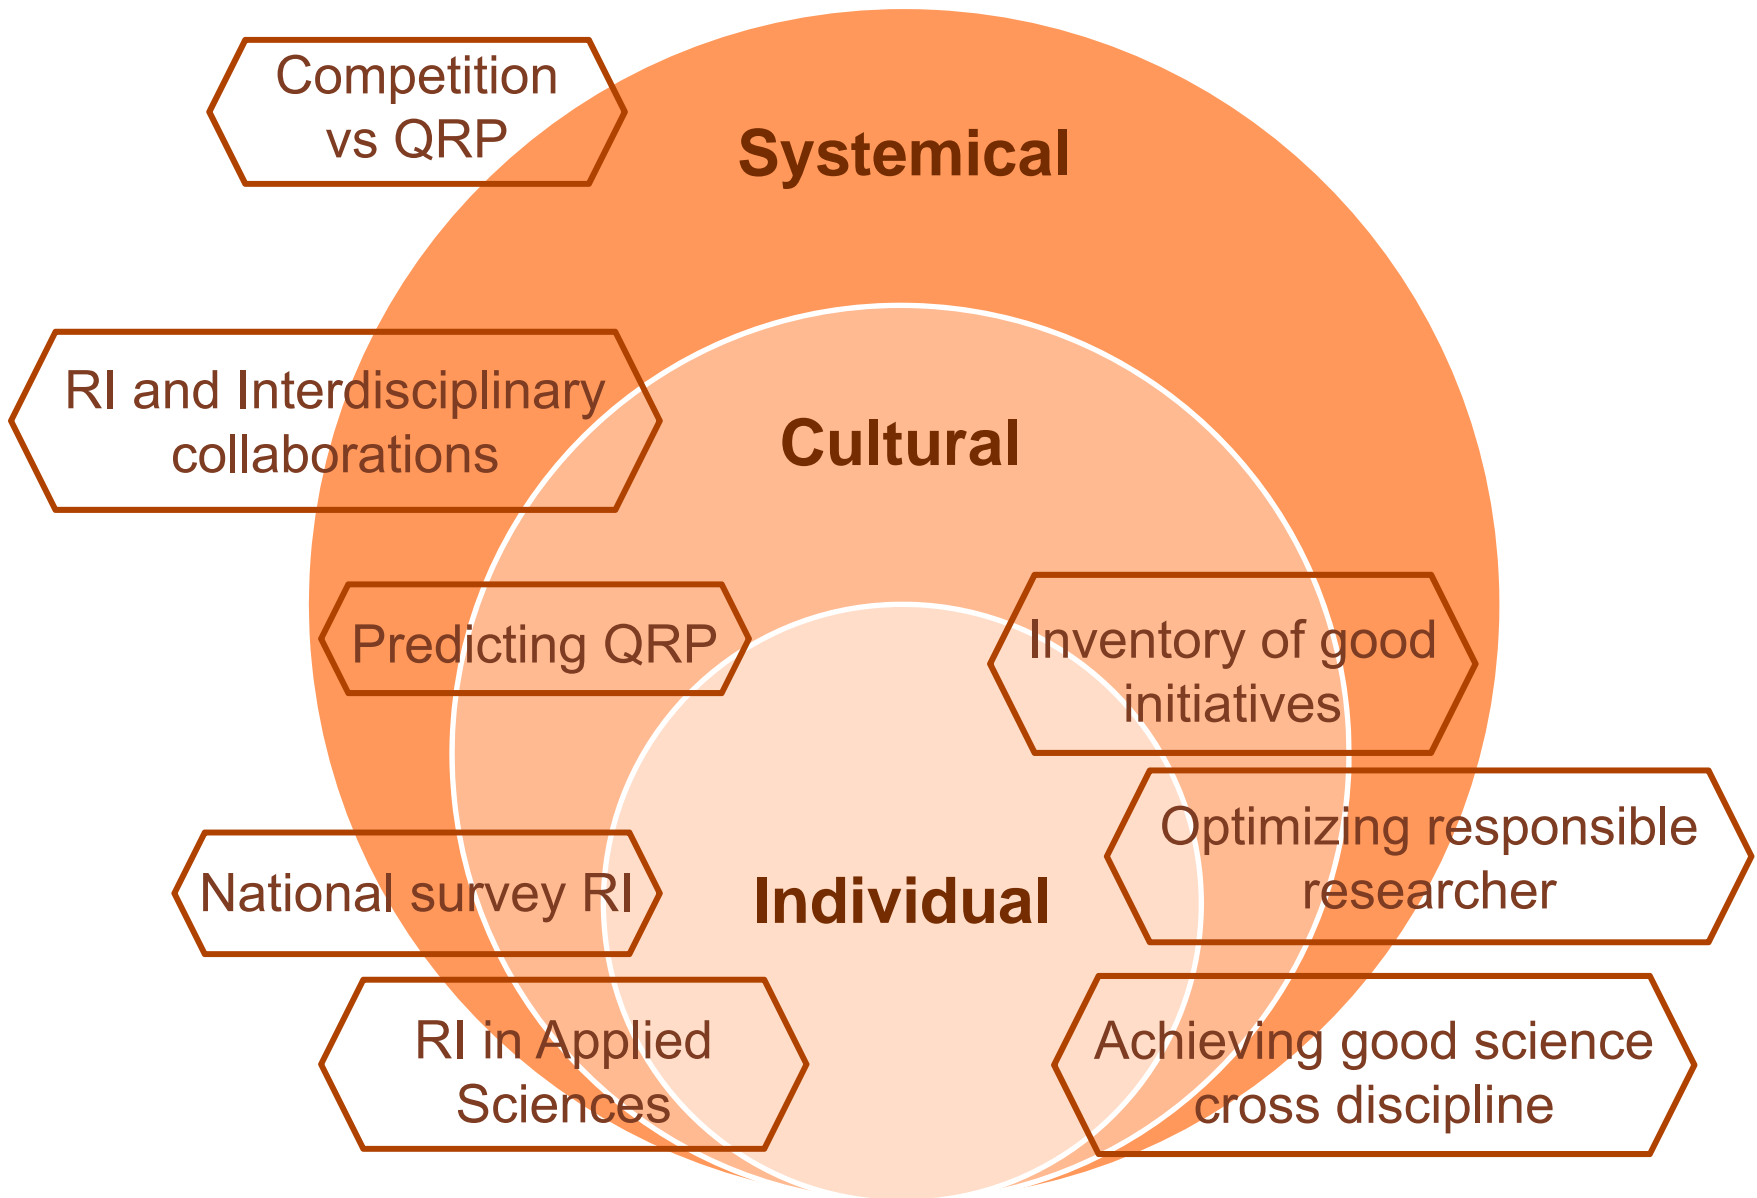

Open Call (2 m€)  
2017-2020

Inventory Dutch  
initiatives (2 k€)  
2018-2020

Life cycle (0,5 m€)  
2017-2020

National survey RI (0,5 m€)  
2018-2021

## Conclusion

- Increase awareness:

e.g. Health Funders Forum *Increasing Value in Research*  
(<https://sites.google.com/view/evir-funders-forum>)

- Funders:

Stimulate responsible research

Invest in Research on Research

# This programme was sponsored by

Netherlands Organisation for Scientific Research

Federation of University Medical Centres

Ministry of Health, Welfare and Sport

Diabetes  
Fonds
