Research, Risk and Trust – Translating Ideas for Impact

Address to
6th World Conference on Research Integrity

Dr Charlie Day, CEO

3 June 2019

In Memory of Paul Taylor

Agenda for today

- The enduring challenges of research translation
- Some current issues
- Suggested responses (for institutions and policymakers)

Enduring challenges of research translation

- Skewed outcomes
- Non-linearity
- People
- Time horizons

Agenda for today

- The enduring challenges of research translation
- Some current issues
- Suggested responses (for institutions and policymakers)

Some current issues

- Research reproducibility
- Use of alliances and partnerships
- Lab-market gap reducing

Agenda for today

- The enduring challenges of research translation
- Some current issues
- Suggested responses (for institutions and policymakers)

Suggested responses

- Policies *and* processes, for research *and* translation, that create *trust*
- Researcher education
- Researcher mobility
